

RABIA GUL

Computer Science Lab Instructor | Teaching Assistant | Programming Educator

03153101766 | rabiagullrind@gmail.com | Hyderabad, Pakistan

PROFESSIONAL SUMMARY

Computer Science graduate and Master of Data Science student with experience in academic instruction, laboratory assistance, programming guidance, and software development. Currently working as a Teaching Assistant at Mehran University of Engineering and Technology with experience supporting undergraduate courses including Object-Oriented Programming, Web Design, and Application Development. Skilled in practical demonstrations, student mentoring, debugging support, and guiding programming projects.

PROFESSIONAL EXPERIENCE

Teaching Assistant

Mehran University of Engineering and Technology

- Conduct programming lab sessions, practical demonstrations, and coding guidance activities.
- Support undergraduate courses including Object-Oriented Programming (OOP), Web Design, and Application Development.
- Guide students in programming assignments, debugging, logical problem-solving, and project implementation.
- Assist faculty with course activities, student mentoring, and technical support.

Visiting Faculty

SZABIST University, Hyderabad

- Deliver academic guidance and practical support to Computer Science students.
- Prepare learning materials and explain programming concepts using practical examples.

Django Web Developer

Barclays Software House | June 2024 – August 2024

- Developed and maintained web applications using Django and web technologies.
- Performed testing, debugging, and responsive application development.

Java Developer (Project-Based Experience) | 2022 – 2023

- Developed Java web applications using JSP, Servlets, and database connectivity.
- Worked on testing, debugging, and dynamic feature implementation.

TEACHING & LABORATORY SKILLS

- Programming Fundamentals Lab
- Object-Oriented Programming (OOP) Lab
- Web Development Lab
- AI and Machine Learning Lab
- Practical Demonstrations
- Student Mentoring and Evaluation Support
- Programming Assignment Guidance
- Code Debugging Assistance
- Course Material Preparation

TECHNICAL SKILLS

Programming Languages: Python | Java | JavaScript

Web Technologies: Django | HTML | CSS | Bootstrap | JSP | Servlets | JSON

AI & Data Science: Artificial Intelligence | Machine Learning | Data Analysis

Development Tools: VS Code | Eclipse/NetBeans | MySQL | PSpice | MATLAB | Version Control | Software Testing | Debugging

PROJECTS

- Heart Disease Detection System: AI/ML-based prediction project using healthcare features.
- Breast Cancer Detection System: Machine learning classification project.
- AI-Based E-Challan System: Computer vision concept for traffic violation detection.
- Organ Donation System: Donor/recipient registration and matching workflow system.
- E-Commerce Website and Blog Website: Responsive web development projects.

EDUCATION

Master of Data Science (Enrolled)

Mehran University of Engineering and Technology | 2025 – 2027

Bachelor of Computer Science

University of Sindh | 2020 – 2023

CERTIFICATIONS

- Artificial Intelligence Course
- Regular Expressions (Regex) Online Course, 2023

LANGUAGES

English | Urdu | Sindhi | Balochi
